Important Company Policies for a Successful Relationship

We strive to provide you the best personalized care available. To make this possible we adhere to a set of very important guidelines. Please read them carefully, **indicate your agreement by initialing all the boxes.**

Late Policy "10-minutes"

Being late by more than 10 minutes will require you to either reschedule or wait for the next available opening. There are no guarantees since openings due to cancellations are unpredictable. We do not allow appointment overlap because this undeservedly compromises the care of another patient.

24-Hour Advance Notice Fee

If you wish to change or cancel an appointment we require a minimum **24-hour advance notice**. Anything less will result in a **\$50 fee** charged to your account. It costs us money to make appointments available to you. Whether you attend or not we still accrue the expenses (for staff wages, rent, etc.). We don't charge you the actual cost for that appointment but rather a mere **\$50 fee**. We do NOT make money with this charge; it's only to act as a deterrent from making last minute changes. Advance notice allows someone else (who needs it) time to reserve it in place of you. Please be courteous and responsible.

No-shows are bad

If you fail to show for an appointment without notice all future appointments will be removed and a **\$50 fee** assessed to your account. You may re-schedule appointments again on a "first come, first serve basis".

Copays are due upon arrival

If you happen to forget your wallet or checkbook we may still be able to see you if you pay over the phone immediately after your appointment or make arrangements to pay at the beginning of your next scheduled appointment.

Cell phones must be shut OFF or silent

We realize emergencies may arise and therefore allow you to carry your cell phone during your session, however, please be courteous and set to silent mode or turn off. Thank you.

Children requiring supervision are NOT allowed to attend sessions with you

Unless your facility offers child care services, you may not bring children who require supervision with you to your appointment. If your child does not require supervision and is capable of waiting for you quietly then you may bring them. If any disturbance is caused to other patients or staff members you may be asked to terminate your session early and attend to your child.

Patient Balances/ Late Fee

If payment is not received within 30 days of the statement, a **\$35 late fee** each month will be applied to your balance until full payment is received.

Bounced Checks

If we receive a returned check from our bank for a payment you made, you will be charged for the original amount of the check plus a **\$25 bank fee**. Payment of the total charged amount will be due within 30 days.

Important Notice from the Federal Government:

"It is unlawful to routinely avoid paying your copay, deductible or coinsurance payments . . . even if your doctor allows it. Unless you complete a "Financial Hardship" form and qualify for financial assistance under Federal Standards, you may NOT routinely evade paying your responsibility portions for medical care as outlined in your insurance plan even if your doctor allows it. You both may be charged for breaking the law. This includes services deemed as "professional courtesy" and "TWIP's - Take what insurance pays". Failure to comply places you in violation of the following laws: Federal False Claims Act, Federal Anti-Kickback Statute, Federal Insurance Fraud Laws, State Insurance Fraud Laws. Failure to comply may result in civil money penalties (CMP) in accordance with the new provision section 1128 A(a)(5) of the Health Insurance Portability and Accountability Act of 1996 [section 231(h) of HIPAA]. Exceptional cases do apply. Please see contact info for more information. Office of Inspector General, Department of Health and Human Services. Contact by phone: 202 619-1343, by fax: 202 260-8512, by email: paffairs@oig.hhs.gov, by mail: Office of Inspector General, Office of Public Affairs, Department of Health and Human Services, Room 5541 Cohen Building, 333 Independence Avenue, S.W., Washington, D.C. 20201, Joel Schaer, Office of Counsel to the Inspector General, 202 619-0089."

We look forward to building a successful relationship with you that lasts a lifetime!

Direct Physical Therapy Treatment Services

You are receiving direct physical therapy treatment services from an individual who is a physical therapist licensed by the Physical Therapy Board of California.

Under California law, you may continue to receive direct physical therapy treatment services for a period of up to **45 calendar days or 12 visits**, whichever occurs first, after which time a physical therapist may continue providing you with physical therapy treatment services only after receiving, from a person holding a physician and surgeon's certificate issued by the Medical Board of California or by the Osteopathic Medical Board of California, or from a person holding a certificate to practice podiatric medicine from the California Board of Podiatric Medicine and acting within his or her scope of practice, a dated signature on the physical therapist's plan of care indicating approval of the physical therapist's plan of care and that an in-person patient examination and evaluation was conducted by the physician and surgeon or podiatrist.

Medical Necessity

All treatments must be justified and medically necessary in order for us to treat and bill your insurance. Some of the factors that determine whether or not treatment is medically necessary are:

- 1) Does your condition interfere with the quality of your life?
- 2) Does your condition interfere with your ability to perform work or daily activities?
- 3) Are you motivated and able to participate in your treatment program and follow home and self-care instruction?
- 4) Is there potential for your condition to improve and/or resolve? If not, is there potential for your function or ability to perform daily activities to improve through modified movement, assistive devices, etc.?
- 5) Are there specific goals set that are measurable and track-able?

If the above criteria are not met, you are welcome to participate in our elective services such as 830laser, massage, whole Body Maintain Program, fitness/exercise training, Posture Program, etc. payable out-of-pocket by cash, check or credit card.

Results

The purpose of physical/occupational therapy is to maximize your body's own healing potential through natural means and promote your ability to perform daily, work, and leisure and sports activities through increased strength, flexibility, agility, and movement strategies. It is not possible to predict the results or outcomes of treatment. Sometimes benefits are realized immediately and sometimes it's more gradual over time.

Insurance Patients

It is your responsibility to know your benefit and insurance coverage for physical therapy services, including any maximums or exclusions. **You are responsible for all charges whether paid by insurance or not.** Any balances that exceed 30 days may incur fees and collection costs.

Medicare Patients

If you do NOT have supplemental insurance, you will be responsible for the twenty percent (20%) co-insurance portion not paid by Medicare as well as any deductible amounts not yet met. It is your responsibility to keep track of therapy cost totals for the purpose of not exceeding the Therapy Cap (unless your diagnosis is exempt from the Cap).

Minors and Parents

If patient is a minor (under 18 years of age), the parent or legal guardian is responsible for all charges and decisions made by the minor. We do not assume any liability for the minor while on premises or not, and it is the responsibility of the parent or guardian to supervise the minor before, during and after treatments.

Informed Consent

By signing below, you give the therapist permission to perform the evaluation and treatment. You have the right to accept or refuse any treatment offered. There are no guarantees made as to the results that may be obtained from our treatment(s). The therapist may have to work on your coccyx (tale bone)/ pelvic/gluteus/hip area, in order to obtain an accurate assessment. You will be informed of this before treatment begins and will have an opportunity to refuse treatment at that time. We will do our best to provide a treatment/exercise program that causes the least amount of pain to you. It is your responsibility to tell the therapist when you feel pain. If you have any questions about your care, be sure to ask the therapist.

It is up to you(patient)/caretaker to inform the therapist/staff about any health problems or allergies you may have. You, the patient or the caretaker must also tell the therapist/staff about drugs or medications being taken as well as any medical conditions and/or surgeries.

Please discuss any questions or problems with the therapist before signing this statement of understanding and consent for care.

Patient Declaration

The therapist has explained to me the type of treatments ideal for my condition and the benefits of therapy, along with the risk of NOT receiving treatment. I have been given an opportunity to ask questions, and all my questions have been answered to my satisfaction. I confirm that I have read and fully understand this consent and policies form.

I have read and understand the foregoing explanation of rehabilitation/therapy care given to me. I hereby give my consent for the therapist to render treatments to me.

Patient -Physical Therapy Arbitration Agreement

Article 1: **Agreement to Arbitrate:** It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently, or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review or arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional rights to have any such dispute decided on a court of law before a jury, and instead are accepting the use of arbitration.

Article 2: **All Claims Must be Arbitrated:** I understand and agree that this arbitration agreement binds me and anyone else who may have a claim arising out of or related to all treatment or services provided by the physical therapist, including any spouse or heirs of the patient and any children, whether born or unborn at the time of the occurrence giving rise to any claim. This includes, but is not limited to, all claims for monetary damages exceeding the jurisdictional limit of the small claims court, including, without limitation, suits for loss of consortium, wrongful death, emotional distress or punitive damages. I further understand and agree that if I sign this agreement on behalf of some other person for whom I have responsibility, then, in addition to myself, such person(s) will also be bound, along with anyone else who may have a claim arising out of the treatment or services rendered to that person. I also understand and agree that this agreement relates to claims against the physical therapist and any consenting substitute physical therapist, as well as the physical therapist's partners, associates, association, corporation or partnership, and the employees, agents, and estates of any of them. I also hereby consent to the intervention or joinder in the arbitration proceeding of all parties relevant to a full and complete settlement of any dispute arbitrated under this Agreement, as set forth in the CMA/CHA Medical Arbitration Rules.

Article 3: **Procedures and Applicable Law:** A demand for arbitration must communicate in writing to all parties. Each party shall select an arbitrator (party arbitrator) within thirty days and a third arbitrator (neutral arbitrator) shall be selected by the arbitrators appointed by the parties within thirty days of a demand for a neutral arbitrator by either party. Each party to the arbitration shall pay such party's pro rata share of the expenses and fees of the neutral arbitrator, together with other expenses of the arbitration incurred or approved by the neutral arbitrator, not including counsel fees or witness fees, or other expenses incurred by a party for such party's own benefit. The parties agree that the arbitrators have the immunity of a judicial officer from civil liability when acting in the capacity of arbitrator under this contract. This immunity shall supplement, not supplant, any other applicable statutory or common law.

Either party shall have the absolute right to arbitrate separately the issues of liability and damages upon written request to the neutral arbitrator.

The parties consent to the intervention and joinder in this arbitration of any person or entity which would otherwise be a proper additional party in a court action, and upon such intervention and joinder any existing court action against such additional person or entity shall be stayed pending arbitration.

The parties agree that provisions of California law applicable to health care providers shall apply to disputes within this arbitration agreement, including, but not limited to, Code of Civil Procedure Section 340.5 and 667.7 and Civil Code Sections 3333.1 and 3333.2. Any party may bring before the arbitrations a motion for summary judgment or summary adjudication in accordance with the Code of Civil Procedure. Discovery shall be conducted pursuant to Code of Civil Procedure section 1283.05, however, depositions may be taken without prior approval of the neutral arbitrator.

Article 4: **General Provisions:** All claims based upon the same incident, transaction or related circumstances shall be arbitrated in once proceeding. A claim shall be waived and forever barred if (1) on the date notice thereof is received, the claim, if asserted in a civil action, would be barred by the applicable California statute of limitations, or (2) the claimant fails to pursue the arbitration claim in accordance with the procedures prescribed herein with reasonable diligence. With respect to any matter not herein expressly provided for, the arbitrators shall be governed by the California Code of Civil Procedure provisions relating to arbitration.

Article 5: **Retroactive Effect:** If patient intends this agreement to cover services rendered before the date it is Effective as of the date of first medical services.

Article 6: **Acknowledgement.** By signing this agreement, I acknowledge that I have discussed to my satisfaction any questions I may have regarding the arbitration agreement with a staff member of Reliant Physical Therapy, APC.

If any provision of this arbitration agreement is held invalid or unenforceable, the remaining provisions shall remain in full force and shall not be affected by the invalidity of any other provision.

I understand that I have the right to receive a copy of this arbitration agreement. By my signature below, I acknowledge that I have received a copy.

NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ANY ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL.
